

**REMARKS**

This Amendment is filed prior to payment of the issue fee to replace Sheets 1 and 4 of the Formal Drawings and to amend the claims. Applicants have discovered that lower portions of Sheets 1 and 4 have been cut off during the fax transmission of the Drawings on March 20, 2006. Further, Applicants have discovered that a reference to FIG. 7 as “FIG. 7” has been inadvertently omitted. To correct these issues, Applicants provide Replacement Sheets 1 and 4. No new matter has been introduced. Applicants respectfully request the replacement drawing sheets to be entered.

Further, Applicants have discovered inadvertent typographical and clarity errors. To address such errors, Applicants have amended claims 1, 5, 12 – 14, 16, 21 – 23, and 25. In particular, claims 1 and 12 have been amended to replace “a first and second network” with “first and second networks;” claim 1 has been further amended to remove extraneous “said” from the claim; claims 13, 14, 22, and 23 have been amended to assure that the claims clearly refer to the process of gateway selection and not to the process of location dependent routable temporary phone number selection, where both such selection processes are described in respective independent claims. Also, claims 5, 16, and 25 have been amended to replace references to “internet telephony accounts” with references to “internet telephony telephones.” Applicants inadvertently omitted such amendments in dependent claims 5, 16, and 25 when similar amendments were made to each of the independent claims in the response filed on December 20, 2007. Applicants’ claim amendments do not introduce new matter. Accordingly, Applicants respectfully request the amendments to be entered.

**CONCLUSION**

Applicants respectfully request to enter the above identified amendments and replacement drawings. If the Examiner believes that any unresolved issues still exist, it is requested that the Examiner telephone Mr. Eamon J. Wall at (732) 842-8110 so that appropriate arrangements can be made for resolving such issues as expeditiously as possible.

Respectfully submitted,
